Comments

1. Market value currency agreements refers to mark to-market changes in value of derivative instruments used to hedged a portion of the EUR senior secured notes to SEK or NOK.
2. Items Affecting Comparability include acquisition, integration and start-up costs, restructuring costs, transformation costs and other adjustments.
3. EBITDA – Pro forma Acquisition adjustments to the EBITDA presented in the Q3 information document to reflect an estimate of the pro forma full twelve-month impact of acquisitions, excluding the acquisition of the Caverion Group, that were completed prior to 30 September 2025 as if such acquisitions had completed on 1 October 2024. The adjustments are based on each target's historical EBITDA derived from its management accounts, as adjusted for its actual contribution to our results of operations since the date of its acquisition and as further adjusted in a manner consistent with our Adjusted EBITDA to the extent applicable and the application of our accounting policies and other items.
4. The proforma adjustments to Run-rate EBITDA presented above are for informational purposes only and do not purport to present what our results of operations would have been, nor do they purport to project our results of operations for any future period. Moreover, the assumptions underlying the pro forma adjustments to EBITDA presented above are based on our current estimates, and they involve risks, uncertainties, assumptions and other factors that may cause actual results, performance or achievements to be materially different from any anticipated future results, performance or achievements expressed or implied by such pro forma financial information. Please refer to the Offering Memorandum for EUR 500,000,000 Senior Secured 6.250% Notes due 2030 and EUR 780,000,000 Senior Secured Floating Rate Notes due 2031 section “Risk Factors—Risks Related to Our Business and Industry—Anticipated pro forma adjustments to our financial information may not materialize as anticipated.”
